 [For a glimpse of the vernissage of the Wegner-Jensen show, please visit YouTube.](http://www.youtube.com/watch?v=bZpkW2YEseU) Studio Georgeville, in collaboration with Mobilier Design Georgeville, hosted a show of the internationally known Danish modern furniture designer [Hans Wegner](http://en.wikipedia.org/wiki/Hans_Wegner) (1914-2007) in the spring of 2011. Hans Wegner was one of Denmark's most original modern furniture designers, and this was the first-ever solo show in Quebec of his work. All pieces were for sale and represented the broad scope of Wegner's furniture, with both classic and hard-to-find pieces being offered. Studio Georgeville also displayed new work by [Niels Jensen](http://www.nielsjensencabinetmaker.com), who credits Hans Wegner as one of his early inspirations. Wegner was a friend of Niels's late father, architect Kris Krogh Jensen, and Niels grew up surrounded by Wegner furniture.
